## YMCA's New Membership Initiative *Membership for All*

Each year the YMCA provides thousands of deserving children, adults and families with memberships they otherwise would not be able to afford thanks to the YMCA's financial aid program. The YMCA remains committed to involving **all people**. A YMCA membership allows people to get healthy, strengthen family bonds and build friendships that strengthen our communities.

Our newest initiative-*Membership for All*- is aimed at helping working families and enables individuals and families to become members of the YMCA. It is an income-based membership designed for households making below \$50,000/year for families and \$31,000/year individuals.

### Here's how it works:

- ...Stop in for a tour of the YMCA
- ...We'll help you determine your income-based membership rate
- ...Complete the simple application
- ... **You have just become the newest member of the YMCA!!**  
It's that simple!
- ...Then within 2 weeks verify your eligibility for *Membership for All* by
- ...Presenting your most recent tax returns.

Here's an example of how *Membership For All* works:

John and Mary Smith have a combined income of \$39,000 and they would like to have a family membership at the YMCA. Through the *Membership for All* initiative they will qualify for a family membership rate of \$54.00 per month, based on their gross household income.

John, Mary, Sarah and Sam can now be part of our YMCA family and can reap the benefits of belonging to the Cumberland YMCA.

Part of the YMCA's mission is to reach out and involve people in our communities, all people. The "all" in our mission is what makes us unique in meeting community needs. *Membership for All* is possible thanks to the many generous donors who support the YMCA's Annual Campaign. **At the YMCA, everyone is welcome.** Stop by the Cumberland YMCA to take advantage of *Membership For All*.
